## Projects :

### 1. Creating Amazon Web Clone |

Developed an Amazon website clone using HTML and CSS, replicating responsive UI design and core front-end features.

### 2. Creating Our Collage Web Clone |

Developed a responsive clone of Fabtech Technical Campus College of Engineering Sangola's website using HTML and CSS to showcase front-end web design skills.

### 3. Creating ZEE5 Web Page Clone |

Designed and developed a Zee5 website clone using HTML and CSS, replicating streaming platform UI and layout.

### 4. Creating Tic Tac Toe Game |

Built a browser-based Tic Tac Toe game clone featuring responsive UI and JavaScript-powered game functionality.

### 5. Creating Flipkart Web Clone |

Created a Flipkart website clone using HTML and CSS, replicating e-commerce layout and responsive design.

### 6. Student Management System |

A Student Management System that allows performing CRUD operations with login/logout functionality, built using HTML, CSS, Java (JDBC & Servlets), and MySQL, including search by student name or ID.

### 7. Bus Tracking System |

Developed a Bus Tracking System using HTML, CSS, JavaScript (frontend) and JDBC, Servlet, MySQL (backend) with features like login authentication, CRUD operations on bus details, password management, and session handling.

### 8. Advanced ASR Technology With Symbol Recognition |

Advanced ASR Technology with Symbol Recognition is a web project that identifies over 500 symbols using multiple APIs with HTML, CSS, and JavaScript.

---

## Work Experience / Internship :

- Full Stack Web – development Internship | Datex Technology Private Limited.
- Advance Java Internship Program | TechMaven.
- Pursuing Infosys Springboard Internship | Infosys's Springboard

---

## Technologies Used :

- **HTML** :- Expert in HTML.
- **CSS** :- Expert in CSS.
- **Javascript** :- Experts in JavaScript.
- **Bootstrap** :- Expert in using Bootstrap Framework.
- **Core Java** :- Expert in Core Java Concepts.
- **Database** :- Experts in MySQL Database.
- **JDBC** :- Expert in JDBC.
- **Servlet** :- Expert in using Servlet.

---

## Certification :

- Great Learing | Java
- Yhills | Full Stack Web – development Internship
- Great Learing | SQL
- GTT Foundation | Barclays LifeSkills Programme
- Tech Maven | Advance Java
- Infosys | Programming using Java
- Infosys's | Email Writing
- GTT Foundation | Barclays LifeSkills Programme
